To Whom It May Concern:

I am writing this letter to acknowledge that Haymanot Berehan successfully passed the course, *Introduction to Biomedical Informatics & Artificial Intelligence* offered by Oregon Health & Science University (OHSU) as part of the Computational Health Informatics Program at the University of Cape Town. This online course is offered in the OHSU Biomedical Informatics Graduate Program and goes by the number, BMI 510. It is a one-quarter (11 week), three credit-hour online course.

Sincerely,
